## ANIMALS IMITATED IN NEW STYLES FOR FASHIONABLE EVENING WEAR

The accompanying photo shows fashion's latest in gowns. Instead of the gown having a long continuous train it is for the present fashion's sake split like the tail of a fish. Black velvet is the body of the skirt with a macramé lace overdress banded around the edge with an exquisite beaded design, finished with a fringe. The little cap of metallic lace is an accessory to the toilet that now seems indispensable.

## Little Feet Must be Stylishly Dressed ---and Correctly Fitted

Payne's Little Wonder Shoes do both. They are fashioned in the very newest styles and leathers—and vastly more important—they are scientifically correct in shape for growing feet. The child fitted here need never fear foot trouble.

### Snow White Button Boots

of white Nu-Buck or fine Sea Island Canvas—could you imagine a prettier effect for their little feet?

White Nu-Buck .....\$1.50 to \$3.00  
White Canvas .....\$1.00 to \$2.25

### Roman Sandals

of glistening black, patent Colt skin, make a most charming effect—supports the ankle; cool, durable—they range in price \$1.35 to \$2.50.

## SOCIETY

The Country Club will be opened about the middle of May, though no plans have been made for a formal opening party. The club has secured the services of an expert to teach golf this summer, and those members to whom the heights and slopes of the hills out there rank in the affections next to hearth and home, and those who stayed with the game when the mercury stood at 110 in the shade last summer, are going to play real golf this season. They say that more people are going to play than ever before, and those who have been interested all along are going to play longer and harder, if that may be. What with this new golf arrangement at the Country Club and a lot of new cottages at Lake View, the promise is that some people will stay in Topeka through the season who have been spending the summers at the lakes or the mountains.

The junior class of Washburn College will give their annual prom at the Elks Club April 29, and the Delta Psi girls have chosen May 2 as the date for their spring dance, which will also be given at the Elks hall.

A little girl, spelling out the news in the paper one day, found her own name. Immediately she got the scissors and began clipping the item in which her name appeared. As she carefully cut out the notice, she said in the most languishing, grownup tone she could command, "How I do hate to see my name in the paper! Don't it just make you sick to have someone put you in the paper? ALL the time?" "Why are you clipping the item?" her mother asked her. "To paste in my scrap book," she answered, "but it does make me so tired to see my name in the paper," and all the time she was fairly loving it, just as most of the older ones do, who put on the transparent disguise of annoyance.

The Kansas Woman's Press association will hold its twenty-first annual meeting in Manhattan May 14 and 15. Entertainment will be furnished the guests and the plan of the meeting is as follows: First, afternoon, conference of the presidents of all the women's state organizations, such as the Kansas Day club, State Federation of Women's clubs, Press, W. C. T. U. and deans of women of the various educational institutions. This will be followed by a dinner with five or six speeches, and a reception at night. The program for the morning session, followed by an automobile ride, and luncheon at the great Agricultural college, preceded by the domestic science girls in the largest domestic science building in the world. Afternoon program and banquet at which will be a speaker of national prominence, besides our own brilliant Kansas women.

Newspaper women from every section of the state will be present. Many of them will appear on the program. Anna Carlson of the Lindsay News; Mrs. Cameron of the Courtland Register; Mrs. Kelley of the Toronto Republican; Mrs. Othine Carlow, formerly of the Atlanta Constitution and the Philadelphia American, and others.

The W. G.'s are planning to give their county fair April 13 in the college gymnasium. The day before there will be a circus parade and a band concert before and after chapel. Great results are expected from the fair, and a balloon ascension, a merry-go-round and a derby race will be some of the features. The hours are from 5 until 8.

Announcements have been received in Topeka from Mr. and Mrs. M. E.

### Milady's Toilet Table

By MME. D'MILLE

Many women whose upper lips and cheeks are free from that downy growth that humiliates some women feel embarrassed wearing short sleeves, because of hair on the forearms. Superfluous hairs are easily and quickly removed by applying delicate paste. Mix enough powdered delatone with water to cover the hairy surface; apply with finger or brush; in minutes rub off, wash the skin, and the hairs will be gone.

Nine times out of ten when a woman looks before her time she has neglected her complexion. Dissolve in a half-pint of witch hazel an original package of maytine and gently rub a little on face, neck and arms, and you will be delighted with results. Use this daily instead of powder or other cosmetic and the skin will be smooth, soft and satiny. Maytine preserves and restores youthful loveliness of skin.

When a woman does not care to risk catching cold washing her head she can get splendid results by dry shampooing. Put a cupful of corn meal or four ounces of powdered orris root in a fruit jar, add the contents of a small original package of thorax and shake well together. Sprinkle a little on the head and brush thoroughly. Thorax encourages the growth of hair and makes it beautifully soft and glossy and curly.

No toilet table is complete without a jar of Mother's Salve. It is a sovereign remedy for chaps, cold sores, pimples, eczema and skin eruptions. It heals cuts, burns, scalds and long-standing sores. It is antiseptic as well as healing and lessens danger of blood poisoning.

## The Carlsbad Spring Cap

The original copy of which can be seen at the COURTNEY MILLINERY PARLORS—this is a creation especially for the waiting maids who serve the famous Carlsbad spring waters.

This Cap was introduced in America by Frauline Mezi Hajos of the Spring Maid Opera Company; it is worn by her in her impersonation of the Spring Girl which plays here at the Grand Saturday. This is a very chic and becoming head-dress, either for opera or evening wear.

It is made with a full back with Duchess lace, and lined with white chiffon; it has a small brim extending from ear to ear, with up-turned point, made of Duchess lace, lined with apple green; just above and back of the points on either side is a beautiful ornament, which may be either of white or coral beads.

This beautiful piece of headwear must be seen to be appreciated, the Courtney Millinery Parlors have permission to exhibit it.

We are up-stairs, but your efforts are well spent in seeing this beautiful little piece of imported headwear.

This Cap can be duplicated to your order.

## TO COST \$13,500,000

Some Details of the Tallest Building in the World.

New York, April 12.—The tallest habitable building in the world is going up on Broadway between Barclay street and Park row. It will weigh 20,000,000 tons. It rests on 60 pillars of cement, reaching down to solid rock from the street level.

This building, the tower of which is 750 feet in the air, will be seen 36 miles out at sea, has in it 20,000 tons of structural steel.

Forty-five thousand dollars' worth of glass has already been ordered for windows and doors and skylights. In the walls and floors are to be more than 30,000,000 square feet of hollow tiling and terra cotta. The cement order will run into the tens of thousands of bags.

On the weekly pay roll is a regiment of men, from more lifting and carrying laborers to the circus performing iron workers who play around at 700 feet in the air on slender steel beams like oracles on an elm bough. Their wages run from \$1.50 a day for the laborers to \$4.50 a day.

This has been going on for two years. The 20,000 square feet of land on which the building stands cost about \$4,500,000. It cost \$1,000,000 to dig out the foundations and the basement and sub-basement. The

## FIFTEEN HOUSES BURN

Seventy-Five Families Homeless After Hartford Blaze.

East Hartford, Conn., April 12.—Fifteen buildings were wiped out, seventy-five families made homeless and property worth \$200,000 destroyed here early today by a fire which started in the Cairns Woodworking company's mill and spread rapidly in all directions. The flames discovered shortly after midnight were under control at 4 o'clock.

The local department was unable to cope with the blaze and help was summoned from Hartford almost as soon as the fire alarm was sounded. An explosion of some kind started the fire.
